

BIOCLEAN-ENZYM FLOOR CLEANER

Product Description:

BioClean is a general floor cleaner combined with a highly concentrated biological degrader. BioClean cleans the floor and removes hard to access organic material all in one step. After mopping, the unused mop water is poured into each drain to remove small fly breeding site, reduce drain odors, and improve the flow in slow drains.

Features:

General floor cleaner combines with a highly concentrated biological degrader. Removes hard to access organic material and small fly breeding sites. Reduces drain odor and improves flow in slow drains. All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

Specifications:

Color:	White
Odor:	None Added
pH:	8.7
Physical State:	Liquid

Available In:

5 Gallon Pails	Item# 98PAP05
30 Gallon Pails	Item # 98PAP30
55 Gallon Pails	Item# 98PAP55
4x1 Gallon Bottles	Item# 98PAP0G

Directions:

1. Floor must be cleaned and free of any other floor maintenance products, either stripper or finish. If floor is old and porous, apply Tuf Kote as directed. Otherwise use Ace as directed.
2. With a clean mop or applicator, apply 2-3 coats of finish (wait for drying between coats).
3. With finish completely dry, buff with High-Speed buffer to obtain desired shine. Apply 1-2 coats of Applause to clean/dry floor.

First Aid:

Inhalation: Remove to fresh air. Skin: Wash with soap and water. Eyes: Flush with water for 15 minutes. If irritation persists, consult physician. Internal: If ingested, drink large amounts of water. DO NOT induce vomiting. Seek medical attention promptly.

Storage:

Keep from freezing. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area..
