

ZAP-FAST ACTING FLOOR STRIPPER

Product Description:

A deep penetrating stripper formulated for the removal of multiple coats of today's detergent resistant hard sealers and finishes. This is recommended for use on resilient tile, vinyl, rubber, terrazzo, quarry tile, brick and concrete.

Features:

Formulated for the removal of multiple coats of today's detergent resistant hard sealers and finishes.

- All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

Specifications:

Color:	Red
Odor:	Low Odor
pH:	12.5
Physical State:	Liquid

Available In:

5 Gallon Pail	Item# 98PZA05
30 Gallon Pail	Item# 98PZA30
55 Gallon Pail	Item# 98PZA55
4x1 Gallon Bottles	Item# 98PZA0G

Directions:

1. Dust mop or sweep floor area
2. Prepare solution at the following ratios: Light build up: 16 oz per gallon of water. Medium build up: 21 oz per gallon of water. Heavy build up: 32 oz per gallon of water. When using on asphalt tile, first test solution on an inconspicuous area.
3. Apply liberally without flooding with mop or auto scrubber. (Do not allow solution to dry).
4. Apply more stripper solution if drying occurs too quickly.
5. Neutralize floor.

First Aid:

Inhalation: Remove to fresh air. Skin: Wash with soap and water. Eyes: Flush with water for 15 minutes. If irritation persists, consult physician. Internal: If ingested, drink large amounts of water or milk. Seek medical attention promptly.

Storage:

Check daily for leaks from containers, vessels, pumps and piping. Have water hoses and acid convenient. Use only containers and equipment designed for alkali services.
